Linda I understand you reached out to Cheryl about the website yesterday and noted that you will be on a conference call this morning at 8:30 with Wisconsin DNR and wanted a summary to share.

There are two questions that would offer that could be helpful if you could ask Wisconsin DNR:

1. What managers and staff should EPA be in contact with at Wisconsin DNR on matters related to Northeast Juneau County Investigations and set up a coordination meeting/call?
2. Is anyone from Wisconsin DNR attending the July 17th educational session? Who? Would it be helpful to have a staff level nuts and bolts call between Wisconsin DNR, EPA, and the health departments in advance?
